ASSIGNMENT

All personnel are employed subject to assignment and reassignment by the Superintendent at any time. The Superintendent shall inform the Board prior to any change in administrative assignment and/or reassignment. Assignment and reassignment of other personnel shall be made by the Superintendent, based on available budgeted positions. An appeals process shall be made accessible to all employees. [See DGBA(LOCAL)]

Whenever possible, without violating contract obligations or policy provisions, the principal or department head shall have input in the selection and placement of personnel. Assignments shall be made to budgeted/approved positions only. If a vacancy exists for which an employee returning from leave is qualified, the employee shall have priority in being assigned to the vacant position on the campus/department where last assigned.

Special or unusual circumstances may exist that, in the opinion of the Superintendent, necessitate or warrant reassignment of employees in the best interest of the District. After due consideration of such circumstances, the Superintendent or designee shall make the assignment and/or reassignment of employees and take such other action as, in the opinion of the Superintendent, is deemed necessary or appropriate.

WITHIN SAME  
CAMPUS OR  
DEPARTMENT

The campus principal/department head shall be responsible for the assignment and reassignment of all personnel to the specific grade, subject areas, or position for which the employee is qualified in his or her area of certification within the campus or department. Requests from employees for changes in assignment at the campus/department shall be submitted in writing to the principal/department head.

Changes in assignments for the ensuing school year shall be made known to the employee as soon as possible, but not later than the last teacher contract day of the current school year. If a change in assignment is made later than the last teacher contract day of the current school year, the principal/designee shall notify the employee within ten business days of the decision. A written notice of reassignment, if requested, shall include an educationally sound rationale. A conference regarding the reassignment shall be held between the principal/designee and the employee, when requested by either the employee or the principal/designee.

HUSBAND AND  
WIFE AT SAME  
CAMPUS  
TO ANOTHER  
CAMPUS OR  
DEPARTMENT

A husband and wife shall not be assigned to the same school unless an exception is authorized by the Superintendent.

Certified employees electing to seek assignments to other campuses, positions, locations, and the like shall submit a request in writing to the human resources department. Food service and

plant service employees shall submit written requests to the appropriate executive director. The human resources department shall coordinate the reassignment of personnel with the campus principal or department head. Reassignment shall not be made during the on-going school year except in unusual or exceptional circumstances.

Shifts in student population and/or budgetary necessity may cause decreases/reductions in personnel allocations on a campus or department. The human resources department shall be responsible for determining the individuals who will be reassigned.

For teachers, the determination will be based collectively on the following criteria:

1. Volunteering by the employee.
2. Certification requirements of the campus assignment.
3. Length of continuous service in the District. If two or more teachers have the same length of continuous service, the decision shall be based on the dates the employment agreements were signed.
4. The ability of the campus/department to maintain a representative diversity among the full-time teaching staff.
5. Combination of teaching and extra duty assignments that are considered single positions.

For paraprofessionals, the determination shall be based collectively on the following criteria:

1. Volunteering by the employee.
2. Current job assignment and/or required training/skills associated with the assignment.
3. Length of continuous service in the District. If two or more paraprofessionals have the same length of continuous service, the decision shall be based on the dates the employment agreements were signed.

The following provisions shall apply to personnel who are reassigned as a result of a shift in student population and/or budgetary reductions that result in a reduction in personnel units on a campus or department:

1. The employee will have high priority in his or her request for reassignment to the school from which he or she was transferred. The employee shall not be reassigned the following year unless he or she requests such a transfer.
