

# School Board UNANIMOUSLY Votes to Support SAISD Nurses!

SAISD Nurses formed a Nurses Task Force to address inequities in pay among nurses throughout SAISD. After months of research, speaking with Administration and finally addressing the School Board, a resolution has been reached.

**The School Board agrees that all nurses deserve to be paid based on their experience**, not just some! The decision will be retroactive to the beginning of the 2010-2011 school year. All nurses, physical therapists and occupational therapists will benefit from the board's decision!

*We learned that by **UNITING** we are stronger and can make a true difference!*

## Together We Make A Difference!
