

Petition on Excessive Testing

Whereas, the Texas Education Code 39.0262 states: (a) In a subject area for which assessment instruments are administered under Section 39.023, a **school district may not administer district-required assessment instruments to any student on more than 10 percent of the instructional days in any school year.** (b) The prohibition prescribed in this section does not apply to the administration of a college preparation assessment instrument, and advanced placement test, an international baccalaureate examination, or an assessment instrument administered under Section 39.023 [TAKS or end-of-course exam].

Therefore, we, the undersigned, call on you, the San Antonio ISD Board of Trustees to:

- Secure from the SAISD administration a **complete** list of assessment instruments that have been and will be administered to SAISD students this school year along with the corresponding dates of the assessment administration.
- Review the list to determine whether the District is in compliance with state law.
